KCEP is a project of:  
The Anglican Relief and  
Development Fund®

**Harvest Jubilation**  
A Dinner and Fundraiser at Twelve Oaks Mansion  
*Bringing Hope and Education to the Nomadic Children of Kenya*

---

**The Founding of Kenya Christian Education Partnership (KCEP)  
in Northern Kenya**

KCEP was founded in 2010 to provide Christian Education for nomadic peoples of Northern Kenya, an impoverished people in this largely Muslim area. Most adults are illiterate and many of their children do not have a school nearby or the resources to pay school fees.

KCEP believes the lives of the children will be changed for the better by attending a quality Christian school and the results will eventually be seen in the lives of the families, and eventually in the whole community. Tumaini Academy in Sololo, Kenya consisting of preschool through 8<sup>th</sup> grade was founded to accomplish this mission. Tumaini Academy is open to Muslims as well as Christians. The school was named “Tumaini” which means “hope” in the local language. Our mission is to “Educate for Hope”.

In 2018 KCEP was acquired by and became a project of the Anglican Relief and Development Fund (ARDF). With the additional support of ARDF a new boys Christian boarding high school will be built in the Marsabit region. Advisory board and supporters of KCEP celebrated the groundbreaking in March 28, 2019 with church and governmental officials and local residents.

**Weaving Together a Future with Education in Northern Kenya**

We are weaving a fabric of Americans and Africans coming together to make a difference. Nearly 600 children have walked through the gates of Tumaini Academy and its 5 preschools. Our students continue to grow from another year of high-quality education, training in Christian ideals, and leadership.

Our first two 8<sup>th</sup> grade graduating classes have won awards in the district with their exam scores and been placed successfully in boarding high schools. Without you, none of this would exist. You are making that difference. We believe the best is yet to come with this powerful partnership as we now help with the founding of St Andrews High school, a boys Christian boarding school. This will ensure that these students will have high quality Christian education without having to go far out of their region to attend a boarding school.

**How You Can Make an Impact**

**How every dollar donated in Kenya is magnified:**

By supporting these projects and becoming a sponsor, you are transforming communities and helping educate for hope! The following are our funding goals for 2019.

- **St. Andrew's High School Building Fund:** This Spring KCEP board members were honored to celebrate the groundbreaking ceremony for a boys' Christian high school in Marsabit with local residents, church and local officials. Funds are needed for construction to accommodate 160 students. A Christian boarding high school in this Muslim majority remote location will provide opportunity for a Christian education close to their home region in northern Kenya.
- **20 High School Scholarships:** The "Educate for Hope Fund," provides high school scholarships to a Christian boarding school. All secondary schools in Kenya require tuition. To attend a quality Christian boarding school most must go to a boarding school. Many impoverished Christian students in the Diocese of Marsabit may now apply for the scholarship to continue their education. The need for this fund in this region is great because it is extremely difficult to find employment and a better future without a high school education. Tuition, room and board for a one year high school scholarship is only \$500.
- **Tumaini Academy Sponsorships:** The sustainability of the school is greatly dependent on our student and teacher sponsorship program. You are helping by sponsoring 148 Tumaini 1 st through 8 th grade students and 29 Tumaini graduates who are now supported in Christian boarding high schools. Our goal this year is to obtain 30 additional Tumaini student sponsors at \$30 per month. Tumaini student sponsorship provides tuition, a uniform, a lunch, and an opportunity for an education. Five more teacher sponsorships are needed at \$175 a month. Hiring quality teachers who are willing to live in the remote underserved area of Sololo is integral to our program. Sponsorship of Tumaini graduates in a Christian boarding high school is \$42 per month.
